

Military Construction, Veterans Affairs, and Related Agencies Subcommittee:
Department of Defense
Military Construction

Program Description

Military Construction is funded for the Department of Defense (DOD) to address the priorities of the Department's Agencies and the Services for the numerous facility challenges that they face. The funds provided support readiness improvements with new construction, family housing, and continued cleanup of military bases (closed during previous Base Realignment and Closure rounds (BRAC)). Funds also support Combatant Commanders' requirements where appropriate and ensure that our military personnel and their families' quality of life is preserved.

General Guidance for CPF Requests

The following **Military Construction Accounts** are eligible for Community Project Funding consideration:

Construction and Unspecified Minor Construction— Active Components

Eligible community project requests include both construction and unspecified minor military construction projects for active components. An unspecified minor military construction project is a project that has an approved cost equal to or less than \$6,000,000. The types of projects under this heading include construction, installation, equipment of temporary or permanent public works, military installations, and facilities for the accounts listed below:

- Army
- Navy and Marine Corps
- Air Force
- Defense-Wide Agencies (SOCOM, DHA, etc.)

Construction and Unspecified Minor Construction— Reserve Components

Eligible community project requests include both construction and unspecified minor military construction projects for Reserve Components. An unspecified minor military construction project is a project that has an approved cost equal to or less than \$6,000,000. ***Some Reserve Component projects require a State funding match.*** The types of projects under this heading include construction, expansion, rehabilitation, and conversion of facilities for training and administration for the accounts listed below:

- Army National Guard
- Air National Guard
- Army Reserve
- Air Force Reserve

Planning and Design

The types of projects under this heading include improving facility resilience, study, planning, design, and architect and engineer services for the accounts listed below:

- Army
- Navy and Marine Corps

- Air Force
- Defense-Wide Agencies (SOCOM, DHA, etc.)
- Army National Guard
- Air National Guard
- Army Reserve
- Navy Reserve
- Air Force Reserve

Lists of Eligible Community Projects

The eligible lists of community projects are those that are submitted to Congress by the Secretary of Defense or his/her designee. ***Projects that only appear on a list or FYDP provided by a base commander will not be accepted.*** Such lists include:

- **Future Year Defense Program (FYDP)** – FYDP is a projection of the forces, resources, and programs needed to support Department of Defense (DOD) operations over a five-year span. The FYDP is released simultaneously with the President’s budget request. The updated document listing projects eligible for FY 2022 will be obtainable after the FY 2022 full budget rollout, through the Under Secretary of Defense (Comptroller) website:
<https://comptroller.defense.gov/Budget-Materials/>.
- **Unfunded Requirements/Unfunded Priorities Lists (UFRs/UPLs)** – UFRs/UPLs are lists that each Service provides to Congress that identify priority projects which were not included in the President’s budget request. These lists must be approved by the Secretary of Defense. UFRs/UPLs become available to Congress on the date of the President’s full budget release (not skinny budget) and can be found by contacting the Congressional Liaison Offices of the Armed Services.
- **Cost-to-completes (CTCs)** – CTCs are projects that have previously received an appropriation but require additional funding for completion. These lists represent the requirements identified by each Service for the additional funding necessary to complete a project. The lists are approved by each Service Secretary and can be obtained by contacting the Congressional Liaison Offices of the Armed Services.

These lists include projects, ongoing and upcoming, that ensure long-term viability, better readiness, increased resiliency, improved living and working conditions for service members and their families, and significant cost savings in perpetuity.

As indicated above, ***some Reserve Component projects will additionally require a corresponding State funding match. Please verify said funding before submission.*** The Committee will not waive match requirements. For your reference, current Military Construction authorizations may be found in the FY21 NDAA DIVISION B—MILITARY CONSTRUCTION AUTHORIZATIONS, which you can access by clicking [HERE](#).
