Here are **5 things** you can do to avoid a Coronavirus scam:

### Ignore offers for vaccinations and home test kits.
Scammers are selling products to treat or prevent COVID-19 without proof that they work.

### Hang up on robocalls.
Scammers use illegal sales calls to get your money and your personal information.

### Watch out for phishing emails and text messages.
Don’t click on links in emails or texts you didn’t expect.

### Research before you donate.
Don’t let anyone rush you into making a donation. Get tips on donating wisely at [ftc.gov/charity](http://ftc.gov/charity).

### Stay in the know.
